J. C. Baldwin.

J. C. Baidwin.

Of the board, which has been fixed at \$500. The two commissioners selected by the city and company experienced no small difficulty in finding a third member but now that their selection has been announced, there is a universal approval of their appointee. Judge Fords propounced ability and his years of practical experience in unraveling questions of every character in his varied experience in the practice of the law makes him a valued member of the law makes him a valued member of the board. He issuchingly refers to his appointment as "Hohson's choice" with the appropriate of the law makes him a valued member of the board. He issuchingly refers to his appointment as "Hohson's choice" with the appropriate the last before he was reached sud that although the appointment came as a great supprise to him, he was prompted to accept from a sense of duty as a citizen.

Both the Water company and the city are placed upon equity and a full sense of justices of the board of the properties of the board of the properties and their properties and their properties and the properties of their selection has been axial differently in finding a propounced ability and his years of practical experience in the practice of the properties. Judge Fords propounced ability and his years of practical experience in the practice of the properties. Judge Fords propounced ability and his years of practical experience in the practice of the warried experience in the practice. Judge Fords propounced ability and his years of practical experience in the practice. Judge Fords propounced ability and his years of practical experience in the practice. More and Cheaper Light. Free Lamp Renewals.

On and after February 1, 1903, the Houston Lighting and Power Company will be prepared to offer to present customers and prespective ones a new rate for incandescent and are lighting; also colling and buzz fans furnished from the alternating current circuits.

This new rate is what is known as the TWO or DOUBLE HATE SYSTEM, which has become so copular in the larger cities of the United States. For the first 1 5-5 hours burning of a 16 candle power facandescent tamp the rate will be 18 cents per Kilo-Watt bour others 7-10 of 1 cent per lamp per hour and longer burning will be at the care of 7 CENTS per Kilo-Watt-hour dess then 4-10 of 1 cent per jamp per hough

Under this syst to them, the lenger imperate burned the less the cost per This system has been installed in the largest cities throughout the country

and has proved most satisfactory to both the electric light companies and the per year for the past two years, but having just enlarged their plant and instailed additional macalacty capable of supplying 12,000 lights more, and wishing to utilize this machinery they have decided to offer this new rate to cus-

In conjunction with this new rate the company proposes to farnish FREE renewals of dim or burnt out lamps, which slone amounts to a reduction in their rates of about a lo cent per Kilo-Wattheur. Also a discount of 5 per cent allowed on all bills paid by the 10th of the following month.

The Lighting Company's lines now cover nearly all parts of the city and they are prepared to furnish current any reasonable distance from the present lines. Any further information regarding this system and making contracts will be cheerfully furnished by applying at their office at No. 208% Main
